

Nunnelly Sales & Imports

Allen & Julie Nunnelly, owners of **Nunnelly Sales & Imports**, began their business in April of 2003. What began as a three day a week "hobby" has become full-time for Allen, his son Benson, and sales associate Pat Ford Brotherton. Nunnelly Sales & Imports' goal is to provide unique quality products at a reduced price to customers while at the same time offering exceptional customer service.

Nunnelly Sales & Imports' tag line is "fountains, wicker, pottery & more!" The vast majority of Nunnelly Sales & Imports' products are ordered direct from the manufacturers and in many cases are special ordered to meet customer specifications.
